**SECTION A APPLICABLE TO ALL  
TRANSACTIONS**

- A. Government means the United States of America and includes the U.S. Department of Energy (DOE) or any duly authorized representative thereof.
- B. WSRC means Westinghouse Savannah River Company, LLC (WSRC), under its prime contract with DOE.

- C. Item includes "commercial item", "commercial component", and "service" as defined in FAR 52.202-1.
- D. "Services" shall mean labor, direction of labor, production of technical information, consulting services or any other services furnished by Subcontractor and its Suppliers under this Subcontract.
- E. "Subcontractor" shall mean any subcontractor or supplier of any tier who supplies goods and/or services to Subcontractor in connection with Subcontractor's obligations under this Subcontract.
- F. "Work" shall mean Supplies, Services, and Subcontractor Data provided by Subcontractor and its Suppliers and all work performed with respect thereto, pursuant to this Subcontract.
- G. "WSRC Purchasing Representative" shall mean a person with the authority to execute, administer, and terminate the Subcontract, and make related determinations and findings. The term includes certain authorized representatives of the WSRC Purchasing Representative acting within the limits of their authority as delegated by the Purchasing Representative.

## **A.2 DISPUTES**

Subcontractor shall proceed diligently with performance of the Work, pending final resolution of any request for relief, dispute, claim, appeal, or action arising under the Subcontract, and comply with any decision by WSRC.

Subcontractor shall not be entitled to and neither WSRC, nor the Government shall be liable to Subcontractor or its lower-tier Suppliers or Subcontractors in tort (including negligence), or contract except as specifically provided in this Subcontract.

Any claim for an adjustment to the subcontract price or time of performance which cannot be resolved by negotiation shall be considered a dispute within the meaning of this clause. For all claims in excess of \$50,000 Subcontractor shall certify that the claim is made in good faith; that the supporting data is accurate and complete; and that the amount requested accurately reflects the adjustment for which Subcontractor believes WSRC is liable.

If for any reason Subcontractor and WSRC are unable to resolve a claim for an adjustment, Subcontractor or WSRC shall notify the other party in writing that a dispute exists and request or provide a final determination by WSRC. Any such request by Subcontractor shall be clearly identified by

reference to this clause and shall summarize the facts in dispute and Subcontractor's proposal for resolution.

WSRC shall, within thirty (30) days of any request by Subcontractor, provide a final written determination setting forth the contractual basis for its decision and defining what subcontract adjustments it considers equitable. Upon Subcontractor's acceptance of WSRC's determination, the Subcontract will be modified and the determination implemented accordingly or, failing agreement, WSRC may in its sole discretion pay such amounts and/or revise the time for performance of the Work in accordance with WSRC'S final determination.

If WSRC's final determination is not accepted by Subcontractor, the parties agree to consider resolution of the dispute through some form of Alternative Dispute Resolution (ADR) process which is mutually acceptable to the parties. Either party may propose ADR by a written request made within ninety (90) days following WSRC'S final determination or in any event before final payment under the Subcontract. Should the parties agree to pursue an ADR process; each party will be responsible for its own expenses incurred to resolve the dispute.

If the parties do not agree to an ADR process or are unable to resolve the dispute through ADR, either party shall then have the right to pursue legal remedy. Any litigation shall be pursued in a court of competent jurisdiction located in the State of South Carolina. The determination of any substantive issues of law shall be according to the Federal common law of Government contracts as stated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. If there is no applicable Federal Government contract law, the law of the State of South Carolina shall apply in the determination of such issues.

## **A.3 ORDER OF PRECEDENCE**

In the event of an inconsistency between the provisions of this Subcontract, the inconsistency shall be resolved by giving precedence as follows:

- (2) These Terms and Conditions; and
- (3) Other provisions of this Subcontract, whether incorporated by reference or otherwise.

## **A.4 ADMINISTRATION AND ASSIGNMENT**

WSRC shall make payments under this Subcontract from funds advanced by the Government and agreed to be advanced by DOE, and not from its own assets.

This Subcontract may be assigned by WSRC to DOE or its designee, and in case of such transfer and notice thereof to the Subcontractor, WSRC shall have no further responsibilities hereunder. The Subcontractor shall not assign rights or obligations to third parties without the prior written consent of WSRC. However, the Subcontractor may assign rights to be paid amounts due or to become due to a financing institution if WSRC is promptly furnished written notice and a signed copy of such assignment. Payments to an assignee shall be subject to set off or recoupment for any present or future claims of WSRC against the Subcontractor.

#### **A.5 PAYMENT BY ELECTRONIC FUNDS TRANSFER**

##### **A. Methods of Payment:**

- (2) In the event WSRC is unable to release one or more payments by EFT, Subcontractor agrees to either:
  - (i) Accept payment by check or some other mutually agreeable method of payment; or
  - (ii) Request WSRC to extend payment due dates until such time as WSRC makes payment by EFT.

##### **B. Mandatory Submission of Subcontractor's EFT Information.**

Subcontractor shall provide this information directly to the office designated in this Subcontract, on forms provided by WSRC, no later than 15 days after award. If not otherwise specified in this Subcontract, the payment office is the designated office for receipt of Subcontractor's EFT information. In the event that the EFT information changes, Subcontractor shall be responsible for providing the updated information to the designated office.

##### **C. Mechanisms for EFT Payment.**

WSRC may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System.

##### **D. Suspension of Payment.**

- (1) WSRC is not required to make any payment under this Subcontract until after receipt, by

the designated office, of the correct EFT payment information from Subcontractor. Until receipt of the correct EFT information, any invoice or subcontract financing request shall be deemed not to be a proper invoice for the purpose of payment under this Subcontract.

- (2) If the EFT information changes after submission of correct EFT information, WSRC shall begin using the changed EFT information no later than 30 days after its receipt by the designated office. However, Subcontractor may request that no further payments be made until the updated EFT information is implemented by the payment office.

##### **E. Payment Information.**

  - (i) Making a correct payment; and

- (2) If an uncompleted or erroneous transfer occurs because Subcontractor's EFT information was incorrect, or was revised within 30 days of WSRC release of the EFT payment transaction instructions to the bank, and;
  - (i) If the funds are no longer under the control of the payment office, WSRC is deemed to have made payment and the Subcontractor is responsible for recovery of any erroneously directed funds; or
  - (ii) If the funds remain under the control of the payment office, WSRC shall not make payment and the provisions of paragraph D shall apply.

#### **A.6 TAX WITHHOLDING FOR NONRESIDENTS**

- A. Withholdings required by section 12-8-550 do not apply to payments on Subcontracts for tangible personal property when those payments are not accompanied by services to be performed within the state of South Carolina.

- B. Under Title 12 of the Code of Laws of South Carolina, section 12-8-550, two (2) percent of each and every payment made to Suppliers and Subcontractors who are nonresidents of the State of South Carolina and are conducting a business or performing personal services of a temporary nature carried on within South Carolina must be withheld and forwarded to the South Carolina Tax Commission in cases where a Subcontract or a subcontract exceeds or could reasonably be expected to exceed ten thousand dollars (\$10,000.00) WSRC will withhold as required by law.

WSRC reserves the right to terminate this Subcontract, or any part hereof, for its sole convenience. In the event of such termination, the Subcontractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this Subcontract, the Subcontractor shall be paid a percentage of the Subcontract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Subcontractor can demonstrate to the satisfaction of WSRC using its standard record keeping system, have resulted from the termination. The Subcontractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

#### **A.8 TERMINATION FOR CAUSE**

- A. WSRC may terminate this Subcontract, or any part hereof, for cause in the event of any default by the Subcontractor, or if the Subcontractor fails to comply with any subcontract terms and conditions, or fails to provide WSRC, upon

request, with adequate assurances of future performance. In the event of termination for cause, WSRC shall not be liable to the Subcontractor for any amount for supplies or services not accepted, and the Subcontractor shall be liable to WSRC for any and all rights and remedies provided by law. If it is determined that WSRC improperly terminated this subcontract for default, such termination shall be deemed a termination for convenience.

- B. Subcontractor shall not be liable to WSRC for delays in performance occasioned by causes beyond Subcontractor's reasonable control and without its fault or negligence, including but not limited to acts of God or of the public enemy, acts of the government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of Subcontractor's suppliers at any tier. However, the delays of Subcontractor's suppliers at any tier must be proved to be beyond the control of both Subcontractor and its suppliers and without fault or negligence of either

  - (b) In the method, manner, or sequence of Subcontractor Work;

- (c) In the Government or WSRC - furnished facilities, equipment, materials, services or site(s);
  - (d) Directing acceleration or deceleration in the performance of the Work; and
  - (e) Modifying the Subcontract Schedule or the Subcontract Milestones.
- B. In addition, in the event of an emergency which WSRC determines endangers life or property, WSRC may use oral orders to Subcontractor for any work required by reason of such emergency. Subcontractor shall commence and complete such emergency work as directed by WSRC. Such orders will be confirmed by Change Notice.
- C. All other changes that are outside the general scope of this Subcontract or that relate to provisions not enumerated above shall be by written bilateral modification.
- D. If at any time Subcontractor believes that acts or omissions of WSRC, or the Government constitute a change to the Work not covered by a Change Notice, Subcontractor shall within ten (10) calendar days of discovery of such act or omission submit a written Change Notice Request explaining in detail the basis for the request. WSRC will either issue a Change Notice or deny the request in writing.
- E. If any change under this clause directly or indirectly causes an increase or decrease in cost of, or the time required for, the performance of any part of the Work under this Subcontract, whether or not changed by any order, an equitable adjustment shall be made and the Subcontract modified accordingly. However, Subcontractor shall not be entitled to and neither WSRC, nor the Government shall be liable to Subcontractor or its lower-tier Suppliers or Subcontractors for increased costs in connection with any changes or delays in the Work for claims arising in tort (including negligence), or in contract except as specifically provided in this Subcontract.
- F. If the Subcontractor intends to assert a request for an equitable adjustment under this clause, it must, within ten (10) calendar days after receipt of a Change Notice provide written notification of such intent and within a further ten (10) calendar days, pursuant to the article titled "PRICING OF ADJUSTMENTS", submit to WSRC a written proposal setting forth the nature, schedule impact and monetary extent of such claim in sufficient detail to permit thorough analysis and negotiation.
- G. Additional cost or damages recoverable by Subcontractor for any claim for acceleration

allowable under this Subcontract shall be limited to additional costs incurred by Subcontractor due to: increased shift length; increased number of days worked per week; increased quantity of construction equipment and materials; increased supervision and other Jobsite overheads.

- H. Any delay by Subcontractor in giving notice or presenting a proposal for adjustment under this clause shall be grounds for rejection of the claim if and to the extent WSRC or the Government are prejudiced by such delay. In no case shall a claim by Subcontractor be considered if asserted after final payment under this Subcontract.
- I. Failure by WSRC and Subcontractor to agree on any adjustment shall be a dispute within the meaning of the term and condition titled "DISPUTES." However, Subcontractor shall proceed diligently with performance of the work as changed pending final resolution of any request for relief, dispute, claim appeal, or action arising under the Subcontract and comply with any decision of WSRC.

#### **A.12 SUSPENSION**

- A. WSRC may by written notice to Subcontractor, suspend at any time the performance of all or any portion of the Work to be performed under the Subcontract. Upon receipt of such notice, Subcontractor shall, unless the notice requires otherwise:

  - (b) Place no further orders or subcontracts for material, services, or facilities with respect to suspended Work other than to the extent required in the notice,
  - (c) Promptly make every reasonable effort to obtain suspension upon terms satisfactory to WSRC of all orders, subcontracts and rental agreements to the extent they relate to performance of suspended Work,
  - (d) Continue to protect and maintain the Work including those portions on which Work has been suspended, and
  - (e) Take any other reasonable steps to minimize costs associated with such suspensions.
- B. As full compensation for such suspension, Subcontractor will be reimbursed for the following costs, excluding profit, reasonably incurred, without duplication of any item, to the extent that such costs directly result from such Work suspension:
  - (a) A standby charge to be paid to Subcontractor during the period of Work suspension, which standby charge shall be sufficient to compensate Subcontractor for

keeping, to the extent required in the suspension notice, its organization and equipment committed to the Work on a standby basis,

- (b) All reasonable costs associated with mobilization and demobilization of Subcontractor's plant, forces and equipment, and
  - (c) An equitable amount to reimburse Subcontractor for the cost of maintaining and protecting that portion of the Work upon which performance has been suspended.
- C. Upon receipt of notice to resume suspended Work, Subcontractor shall immediately resume performance under this Subcontract to the extent required in the notice.
- D. If the Subcontractor intends to assert a claim for equitable adjustment under this clause, it must, within ten (10) calendar days after receipt of notice to resume Work, submit to WSRC a written statement setting forth the schedule impact and monetary extent of such claim in sufficient detail to permit thorough analysis. No adjustment shall be made for any suspension to the extent that performance would have been suspended, delayed, or interrupted by any Subcontractor non-compliance with the requirements of this Subcontract.

#### **A.13 SUBCONTRACTOR'S LIABILITY FOR FINES AND PENALTIES**

- A. Subcontractor is liable to WSRC for all fines and penalties assessed by any governmental entity against WSRC or DOE as a result of Subcontractor's failure to perform its work under this Subcontract in compliance with the requirements of this Subcontract.
- B. Subcontractor shall indemnify and hold harmless WSRC and DOE from and against any and all claims, demands, actions, causes of action, suits, damages, expenses, including attorney's fees, and liabilities whatsoever resulting from or arising in any manner on account of the assessment of said fines and penalties against WSRC or DOE.

#### **A.14 FOREIGN NATIONALS**

*As used in this Article, the term "Foreign National" is defined to be a person who was born outside the jurisdiction of the United States, is a citizen of a foreign government and has not been naturalized under U.S. law.*

- A. The Subcontractor shall obtain the approval of WSRC, in writing, prior to any visit to a DOE or WSRC facility by any Foreign National in

connection with work being performed under this Order, in accordance with the requirements of DOE Order 142.3, Unclassified Foreign Visits and Assignments Program. Visits are normally for the purpose of technical discussions, orientation, observation of projects or equipment, training, subcontract service work, including delivery of materials, or for courtesy purposes. The term "visit" also includes officially-sponsored attendance at a DOE or WSRC event off-site from the DOE/WSRC facility, but does not include off-site events and activities open to the general public. Subcontractors should be aware that required forms and documents necessary for approval of visits by Foreign Nationals should be submitted to the WSRC Purchasing Representative at least four (4) to six (6) weeks prior to the visit, depending on the nationality of the individual and the areas to be visited. Forms can be obtained from the WSRC Purchasing Representative.

- B. In addition, the Subcontractor shall obtain the approval of the WSRC Purchasing Representative, in writing, prior to the employment of, or participation by, any Foreign National in the performance of work under this Subcontract or any lower tier Subcontract at off-site locations. Such approvals will be processed in accordance with the requirements of DOE Order 142.3
- C. In the performance of off-site work, Foreign Nationals only incidentally involved with a WSRC Subcontract, and who have no knowledge that their activities are associated with WSRC Subcontract work, are exempt from the above.

#### **A.15 PRICE-ANDERSON AMENDMENTS ACT**

- A. The Department of Energy has promulgated Procedural Rules (10 CFR 820), Nuclear Safety Management Rules (10 CFR 830), and Radiation Protection Rules (10 CFR 835) in implementation of the Price-Anderson Amendments Act (PAAA) of 1988, Public Law 100-408, August 20, 1988. These rules govern the conduct of persons involved in DOE nuclear activities, and, in particular, are designed to achieve compliance with DOE nuclear safety requirements. Violation of the applicable rules will provide a basis for the assessment of civil and criminal penalties under the PAAA.
- B. This Subcontract is subject to the requirements of the above rules if the performance of work involves conducting activities (including

providing items and services), on or off the Savannah River Site, that affect, or may affect, the safety of DOE nuclear facilities.

C. Indemnification of WSRC

To the extent permitted by law, the Subcontractor assumes full responsibility and shall indemnify, save harmless, and defend WSRC and its principal subcontractors, their agents, officers, employees, and directors from any civil or criminal liability under Sections 234A or 223 (c) of the Act or the implementing regulations at 10 CFR Sections 820, et seq., arising out of the activities of the Subcontractor, its lower-tier subcontractors, suppliers, agents, employees, officers, or directors. The Subcontractor's obligation to indemnify and hold harmless shall expressly include attorneys fees and other reasonable costs of defending any action or proceeding instituted under Sections 234A or 223 (c) of the Act or the implementing regulations at 10 CFR Sections 820, et seq. A copy of the implementing regulations at 10 CFR Sections 820, et seq., will be made available to the Subcontractor upon request.

**A.16 INCORPORATION BY REFERENCE**

This Subcontract incorporates certain clauses by reference. These clauses apply as if they were incorporated in their entirety. For Federal Acquisition Regulation (FAR) and Department of Energy Acquisition Regulation (DEAR) provisions incorporated by reference, "Contractor" means Subcontractor and "Contracting Officer" means WSRC Purchasing Representative. Government means WSRC (except in instances when it is not applicable or appropriate).

*The following clauses, as well as others that may be specified in these Terms and Conditions, are incorporated by reference:*

- (1) FAR 52.222-26, Equal Opportunity (FEB 1999)
- (2) FAR 52.222-35, Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era (APR 1998)
- (3) FAR 52.222-36, Affirmative Action for Workers with Disabilities (JUN 1998)
- (4) DEAR 952.250-70, Nuclear Hazards Indemnity Agreement (JUN 1996)

*FAR clauses may be accessed electronically at <http://www.arnet.gov/far>. DEAR clauses can be found at <http://professionals.pr.doe.gov>.*

**A.17 PRICING OF ADJUSTMENTS**

When costs are a factor in any determination of a Subcontract adjustment pursuant to the Term and Condition titled "CHANGES", or any other provision of this Subcontract, such costs, upward or downward, shall be submitted by Subcontractor in the form of a lump sum proposal on WSRC'S forms "Change Notice Proposal Summary" and "Proposal Detail Worksheet".

The proposal shall include an itemized breakdown of all increases or decreases in at least the following detail:

- A. Direct Labor. Charges for labor furnished and used by Subcontractor shall be allowable for all manual classifications up to and including foremen. Charges shall not be included for superintendents, assistant superintendents, general foreman, surveyors, office personnel, timekeepers, and maintenance mechanics; these costs are recovered in the overhead and profit rates established by this clause. Labor rates used to calculate the costs shall be those rates in effect during accomplishment of the changes.

Direct labor costs shall include, in addition to direct payroll costs, payroll taxes, insurance, vacation allowance, subsistence, travel time, overtime premium and any other payroll additives required to be paid by Subcontractor by law or labor agreement(s),

- B. Equipment. Charges shall be allowable for the rental and operation of all equipment furnished and used by Subcontractor, except for equipment or tools with a new cost at point of origin of Five Hundred Dollars or less each, which are deemed to be covered in the overhead and profit rates established by this clause.

For Subcontractor-owned equipment, reasonable equipment charges shall be allowed in accordance with the following:

1. Rental rates as agreed upon in the Subcontract; or
2. Rental rates not greater than seventy percent (70%) of Data Quest Blue Book daily rental rates applicable for the period of performance of the change; and
3. Appropriately discounted to stand-by rates for idle time reasonably required.

When the operated use of equipment is infrequent and, as determined by WSRC, such

equipment need not remain at the work site continuously, charges shall be limited to actual hours of use. Equipment not operating but retained at the location of changes at WSRC'S direction shall be charged at the standby rate.

For Rental Equipment not owned by Subcontractor, charges will be computed on the basis of actual invoice cost.

For the cost of both rented and owned to be allowable, Subcontractor must justify and WSRC agree that the individual pieces of equipment are needed, are appropriate for the work, and that the mobilization costs are allocable to the change.

- C. Materials. Approved incurred costs for material incorporated into the changed Work or required for temporary construction facilities made necessary by the change shall be allowable at net cost delivered to the job site.
- D. Overhead, Profit and All Other Costs. Overhead, profit and markup percentages included in the proposal, shall include, but not be limited to, insurance, use of small tools, incidental job burdens, and general home and field office expense. No percentages for overhead, profit or lower-tier markup will be allowed on employment taxes under FICA and FUTA.

The maximum percentage for the overhead, profit and markup shall not exceed those shown below.

For work subcontracted to a lower-tier by Subcontractor, the proposal submitted to WSRC shall only include one overhead percentage and one profit percentage in addition to Subcontractors markup. No more than these three percentages will be allowed regardless of the number of tiers of Suppliers. The lower-tier's percentage of overhead and profit shall not exceed those shown below.

Allowable percentages on changes for direct hire work will not exceed the following: 10 percent overhead and 10 percent profit on the first \$20,000; 7.5 percent overhead and 7.5 percent profit on the next \$30,000; and 6.75 percent overhead and 6.75 percent profit on balance over \$50,000. Profit shall be computed by multiplying the profit percentage by the sum of the direct costs and computed overhead costs.

The prime Subcontractor's fee on work performed by lower-tier Suppliers will be based on the net increased cost to the prime Subcontractor as applicable. Allowable fee on changes will not exceed the following: 8 percent fee on the first \$20,000; 5.5 percent fee on the next \$30,000; and 2 percent fee on balance over \$50,000.

#### **A.18 SUBCONTRACTING**

Subcontractor shall not subcontract all or substantially all of the Work without the prior written approval of WSRC. This provision shall not apply to purchases of standard commercial articles or raw materials on which Subcontractor shall perform further work.

#### **A.19 EXPORT CONTROL**

- A. U. S. Government property purchased or acquired under this Subcontract may or may not be authorized for export from the U.S. to a foreign country. If export is allowed, the Subcontractor is solely responsible for obtaining all required clearances or approvals. The Subcontractor also is required to pass on this information and any other DOE-provided export control guidance if the property is resold (including domestic retransfers) or otherwise disposed.
- B. The use, disposition, export and re-export of the property is subject to all applicable U.S. laws and regulations, including the Atomic Energy Act of 1954, as amended; the Arms Export Control Act (22 USC 2751 et seq.); the Export Administration Act of 1979 (560 USC Append 2401 et seq.); DOE Regulations (10 CFR Part 810); International Traffic in Arms Regulations (22 CFR 120 et seq.); Export Administration Regulations (15 CFR 730et seq.); Foreign Assets Control Regulations (31 CFR 500 et seq.); and the Espionage Act (37 USC 791 et seq.) which among other things, prohibit:
- (1) The making of false statement and concealment of any material information regarding the use or disposition, export or re-export of the property; and
  - (2) Any use of disposition, export or re-export of the property which is not authorized in accordance with the provisions of this Subcontract.

#### **A.20 SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK**

- A. Subcontractor shall have the sole responsibility for satisfying itself concerning the nature and

location of the Work and the general and local conditions, including but not limited to the following:

- (1) Transportation, access, disposal, handling and storage of materials,
  - (2) Availability and quality of labor, water, electric power and road conditions,
  - (3) Climatic conditions, tides and seasons,
  - (4) River hydrology and river stages,
  - (5) Physical conditions at the Jobsite and the project area as a whole,
  - (6) Topography and ground surface conditions, and
  - (7) Equipment and facilities needed preliminary to and during the performance of the Work.
- B. The failure of Subcontractor to acquaint itself with any applicable conditions will not relieve Subcontractor of the responsibility for properly estimating either the difficulties or the cost of successfully performing Subcontractor's obligations under this Subcontract.
- C. **B.6 PAYMENT BY SUBCONTRACTOR TO WSRC**

- A. The Subcontractor shall receive title to all property to be dismantled, demolished, or removed under this subcontract and not specifically designated in the Schedule as being retained by WSRC. Except as provided in paragraph C below, the title shall vest in the Subcontractor immediately upon WSRC's issuing the notice of award, or if a performance bond is to be furnished, upon WSRC's issuing a notice to proceed with the work. WSRC shall not be responsible for the condition of or any loss or damage to the property.
- B. The Subcontractor shall promptly remove from the site all property acquired by the Subcontractor. WSRC shall not permit storage of property on the site beyond the completion date.
- C. Upon written notice to the Subcontractor while the aforesaid property remains in the possession of the Subcontractor, WSRC may reclaim title to any of the property if WSRC determines:

**B.7 WORKPLACE SUBSTANCE ABUSE PROGRAM**

A. Fitness for Duty

- (1) (i) The Subcontractor shall advise employees and the employees of lower

- tier subcontractors and agents that it is the policy of WSRC to prohibit the use, possession, sale and distribution of alcohol, drugs or other controlled substance within the limits of the Savannah River Site (SRS), and/or any off-Site facilities, and to prohibit the presence of individuals who have such substances in the body for non-medical reasons. Any Subcontractor employee who is found in violation of the policy may be removed or barred from the site.
- (ii) The Subcontractor agrees to advise its employees and the employees of lower-tier subcontractors of the above policy prior to assignment to the Site and to maintain documentation that such advice has been given.
  - (2) WSRC will collect urine specimens when Subcontractor employees are processed for badging. WSRC will send these specimens to a consultant for testing and verification. The testing process may take up to five (5) days to obtain results. In the event of "positive" findings, the Subcontractor will be notified and shall bring the individual to the Badge Office for an "Exit Conference". The Subcontractor then agrees to promptly remove such individual from the Savannah River Site and return the badge to the WSRC Subcontractor Badge Office.
  - (3) The Subcontractor agrees to secure the written consent of employees to release results of urine tests to the designated WSRC representative. WSRC agrees to use such results solely in connection with its decision as to whether to permit a Subcontractor employee, lower-tier subcontractor employee or agent to access Savannah River Site property.
  - (4) WSRC will also conduct for-cause and random drug and alcohol testing on all employees badged by WSRC. The Subcontractor agrees to comply with and secure the compliance of its employees and employees of lower-tier subcontractors with this testing. In the event of "positive" findings, the Subcontractor agrees to promptly remove such individual from the Savannah River Site and return his or her badge to the WSRC Subcontractor Badging Office.
  - (5) A Breath Alcohol Test will be given during the initial badging process and the results will be available immediately. In the event of "positive" findings, the Subcontractor's
- employee will not be badged, shall be issued a temporary pass, and will be escorted offsite by a Subcontractor's Representative.
- B. Suitability for Employment
- (1) Subcontractor employees, including employees of lower-tier subcontractors, who are to be badged to permit Savannah River Site access, must successfully complete a Suitability for Employment process. As part of this process, the Subcontractor agrees to advise its employees and employees of lower-tier subcontractors that they will be required to complete certain forms, which authorize background investigations. These forms shall be submitted during the badging process.
  - (2) Employees will be issued a photo badge and allowed site access on the first reporting day. In the event a Subcontractor's employee subsequently fails to successfully complete the background investigation, the Subcontractor agrees to promptly remove such individual from the site and to return the badge to the WSRC Subcontractor Badging Office.
  - (3) Subcontractor agrees to advise its employees of the above requirement prior to assignment to the Savannah River Site and to maintain documentation that such advice has been given.
- B.8 GENERAL EMPLOYEE TRAINING AND ANNUAL REFRESHER TRAINING FOR SUBCONTRACT EMPLOYEES**
- The following terms are applicable if performance of this Order will require the Subcontractor's employee(s) to perform work on SRS premises for more than ten (10) working days.*
- A. General Employee Training (GET)
- (1) The Subcontractor shall inform his employees and the employees of his lower tier subcontractors and agents that it is the policy of Westinghouse Savannah River WSRC to adhere to the requirements contained in the DOE Order entitled "Personnel Selection, Qualification and Training Requirements," which requires any individual, employed either full or part-time at any DOE reactor or non-reactor facility to receive selected general training.
  - (2) Successful Completion Required  
Said employees, referred to in the remainder of this document as "individual", must successfully complete the training known as "General Employee Training" (GET) as offered by the SRS. The GET sessions are

given by a Savannah River Site authorized GET instructor. There are three categories of GET.

- (i) Category 1 consists of viewing a video that lasts for one hour. This category is limited to delivery personnel, visitors, and other temporary personnel that require badged access to the general site and property protection areas and are typically on site greater than 10 days, but not consecutively, in a calendar year.
  - (ii) Category 2 consists of viewing a video and a written examination, and lasts for approximately two hours. This category would apply to visitors or other temporary personnel that require badged access to the general site and property protection areas and are on site greater than 10 days consecutively in a calendar year, and additional training is not required as determined by WSRC.
  - (iii) Category 3 consists of eight hours of training and includes instructor lecture along with audio and visual aids and a written examination. This category applies to individuals who require badged access to the general site, property protection areas, or security controlled areas and additional training is required, as determined by WSRC.
- (3) Successful Completion Defined: Successful completion occurs when the individual
- (i) Is scheduled for GET,
  - (ii) Attends the GET session,
  - (iii) Obtains a test score of 70% or greater on the written examination, if required, (100% is the highest obtainable score), and
  - (iv) Properly completes all documents (rosters, exam answer sheet, etc.).
- (4) Unsuccessful Completion Defined: If the individual fails to successfully complete GET, the individual is given a failure notice and is to notify the Subcontract Technical Representative (STR) for rescheduling for remedial training or for a re-test. The individual will be allowed several chances to successfully complete the GET. Continued failure to successfully complete GET will result in resolution by the STR.
- (5) Scheduling for GET  
The STR shall direct the individual to the appropriate training center to attend the GET session. GET training is scheduled subject to demand.

(6) Records

GET records will be maintained by WSRC.

B. Annual Refresher Training

Refresher Training is required after an individual's initial successful completion of all categories of GET, regardless of the individual's present employer. Category 1 and Category 2 GET training must be repeated annually. For Category 3, successful completion of Consolidated Annual Training (CAT) is required. The subcontractor is responsible for scheduling its employees for this training. The STR may be contacted for assistance.

- C. Upon providing proof of successful completion of GET either at another DOE facility, or while employed by a firm other than the Subcontractor under this Subcontract, the employee will not be required to repeat this training.

**B.9 SECURITY EDUCATION REQUIREMENTS FOR SUBCONTRACTORS**

*The following items are applicable if performance of this subcontract will require the Subcontractor's employee(s) to receive a security badge.*

A. Subcontractor Security Education Coordinator

- (1) If this Subcontract will require a force of more than thirty (30) subcontract employees receive badges, then the Subcontractor shall provide to the WSRC Security Education Office, the name of its representative appointed to administer its Security Education Program. This representative shall be referred to as the Subcontractor Security Education Coordinator (SSEC).
- (2) If this Subcontract will require that less than thirty (30) subcontract employees receive badges, then the WSRC Subcontract Technical Representative (STR) will perform the activities discussed in this Supplement.

B. WSRC Roster

The SSEC will be responsible for providing the STR with a roster of all subcontract personnel receiving a badge. At a minimum the data shall include name, social security number, and work telephone number, clearance level and place where work is generally performed. This list shall be kept current and updated every sixty-(60) days.

C. Initial Briefing

The SSEC will ensure that all subcontract personnel, regardless of clearance level, receive an Initial Security Briefing. This briefing consists of videotape shown during initial General Employee Training (GET), or at the

time of badging for those individuals not required to attend GET.

D. Comprehensive Briefing

If subcontract personnel have a clearance at the inception of this Subcontract, or receive a clearance at any time during the course of the Subcontract, the SSEC/STR will ensure that those subcontract employees receive a Comprehensive Briefing from WSRC.

E. Annual Refresher Briefing

The SSEC/STR shall ensure that all subcontract employees receive, at least once in a twelve- (12) month period, an Annual Security Refresher briefing from WSRC. This briefing is provided during GET Refresher Training.

F. Foreign Travel Briefing

If a subcontract employee plans a trip to a sensitive country, whether on official business or for pleasure, the SSEC/STR is responsible for ensuring that the individual receives a Foreign Travel Briefing from WSRC before departing and a Debriefing upon return. The OPSEC Officer is responsible for these Briefings.

G. Badge Retrieval at Termination

The Subcontractor is responsible for ensuring that badges are returned or accounted for when a subcontract employee terminates employment or when Subcontract is completed. The employee must report to Employment Processing Center, for proper completion of out-processing and badge return. This effort should be coordinated with the WSRC STR.

H. Termination Briefing

When a subcontract employee terminates employment or is reassigned, the SSEC/STR will ensure that a Termination Briefing by WSRC is given and the appropriate forms are executed. Briefing materials and appropriate forms are provided by WSRC.

**B.10 LIMITATION OF FUNDS**

*This article is applicable only if this Subcontract is partially funded.*

- A. Of the total price of this Subcontract, the sum of \$\_\_\_\_\_ is presently available for payment and allotted to this Subcontract. It is anticipated that additional funds will be allocated to the Subcontract in accordance with the following schedule until the total price of the Subcontract is funded:
- B. The Subcontractor agrees to perform or have performed work on this Subcontract up to the point at which, if this Subcontract is terminated pursuant to the Termination For Convenience of WSRC article of this Subcontract, the total amount payable by WSRC (including amounts

payable for subcontracts and settlement costs) pursuant to the Termination For Convenience of WSRC article would, in the exercise of reasonable judgment by the Subcontractor, approximate the total amount at the time allotted to the Subcontract. The Subcontractor is not obligated to continue performance of the work beyond that point. WSRC is not obligated in any event to pay or reimburse the Subcontractor more than the amount from time to time allotted to the Order, anything to the contrary in the Termination For Convenience of WSRC article notwithstanding.

- C. (1) It is contemplated that funds presently allotted to this Order will cover the work to be performed until\_\_\_\_\_.
- (2) If funds allotted are considered by the Subcontractor to be inadequate to cover the work to be performed until that date, or an agreed date substituted for it, the Subcontractor shall notify WSRC in writing when within the next 60 days the work will reach a point at which, if the Order is terminated pursuant to the Termination For Convenience of WSRC article of the Order, the total amount payable by WSRC (including amounts payable for subcontracts and settlement costs) pursuant to the Termination For Convenience of WSRC article will approximate 75 percent of the total amount then allotted to the Order.
- (3) (i) The notice shall state the estimated date when the point referred to in subparagraph C.(2) of this clause will be reached and the estimated amount of additional funds required to continue performance to the date specified in subparagraph C.(1) of this clause, or an agreed date substituted for it.
- (ii) The Subcontractor shall, sixty days in advance of the date specified in subparagraph C.(1) of this clause, or an agreed date substituted for it, advise WSRC in writing as to the estimated amount of additional funds required for the timely performance of the Subcontract for a further period as may be specified in the Subcontract or otherwise agreed to by the parties.
- (4) If, after the notification referred to in subdivision C.(3)(ii) of this clause, additional funds are not allotted by the date specified in subparagraph C.(1) of this clause, or an agreed date substituted for it, WSRC shall, upon the Subcontractor's written request, terminate this Subcontract

on that date or on the date set forth in the request, whichever is later, pursuant to the Termination For Convenience of WSRC article.

- D. When additional funds are allotted from time to time for continued performance of the work under this Subcontract, the parties shall agree on the applicable period of Subcontract performance to be covered by these funds. The provisions of paragraphs B and C of this clause shall apply to these additional allotted funds and the substituted date pertaining to them, and the Subcontract shall be modified accordingly.
- E. If, solely by reason of WSRC's failure to allot additional funds in amounts sufficient for the timely performance of this Subcontract, the Subcontractor incurs additional costs or is delayed in the performance of the work under this Subcontract, and if additional funds are allotted, an equitable adjustment shall be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the work to be performed.
- F. WSRC may at any time before termination, and, with the consent of the Subcontractor, after notice of termination, allot additional funds for this Subcontract.
- G. The provisions of this clause with respect to termination shall in no way be deemed to limit the rights of WSRC under the Termination for Cause article of this Subcontract. This clause shall become inoperative upon the allotment of funds for the total price of the work under this Subcontract except for rights and obligations then existing under this clause.
- H. Nothing in this clause shall affect the right of WSRC to terminate this Subcontract pursuant to the Termination for Convenience of WSRC article of the Subcontract.
